12 – MISCELLANEOUS

12.1 Grand Slam (GS) 2020

History

- As mentioned in the presidential report, Paul-Otto Ströbel has sponsored the GS prices for the last 23 years, since its existence in 1997;
- Paul-Otto Ströbel has informed the FEMA Board, that the 2019 GS prices (Flight to a race in the USA in 2020 for the first place, and monetary prizes for the second and third place) are closing his sponsorship for the GS;

Aim

- The main aim of the GS races is to bring as many participants from all over Europe to a few designated races in order to ensure friendship building and know how transfer across Europe;
- The GS prizes have the same aim, to ensure friendship building and know how transfer across the globe with our friends in Australia and the USA;

12 – MISCELLANEOUS

12.1 Grand Slam (GS) 2020

Dilemma

- The FEMA Board has investigated other means of sponsoring prizes, like sponsors from companies, such as Airlines, Red Bull and other Sport sponsors, with negative results;
- The FEMA Board discussed the possibility to finance the GS prizes by starting fees at GS races, but came to the conclusion that starting fees may be contra productive, as the GS is often won by the same few people who already can afford the cost of traveling and material in order to win the GS. Therefore, starting fees may prevent participants with less possibilities to win a the GS, from participating in it;

Way forward

- The FEMA Board would like to discuss a future GS modus during the next few months;
- The FEMA Board is happy to discuss terms with any private sponsor;
- New GS rules will be published by 01.01.2020 (may not include prizes).

12 – MISCELLANEOUS

Any other businesses to discuss

The Swiss Delegate Urs Bach owes the work of the FEMA Board last year. Especially for the outstanding work of the retiring technical Secretary Oliver Monk.
